

Facility Assessment and New Survey Process

April 5, 2018 – OKC

April 6, 2018 – Tulsa

Speaker: Linda Farrar, RN, LNHA

Join us during the morning session in discussing the Facility Assessment and receive specific information on the new requirement for development of a Facility Assessment. If you haven't started the process, this presentation will give you and your team the specific template for completion. If you have already started preparing your assessment, this presentation will give you an opportunity to evaluate your current assessment and make any changes found necessary.

The afternoon session will review the New Survey Process and go over the new process and how to prepare before the surveyors enter your building, while they are in the building and then appropriate response to the new process and what to do if something significant goes wrong with the survey results.

Learning Objectives:

1. Participants will be able to verbalize understanding of the intent of the requirement for Facility Assessment.
2. Participants will be able to verbalize understanding of how frequently the Facility Assessment is addressed in other new Rules of Participation.
3. Participants will be able to verbalize understanding of the key components of OBRA related to the survey process.
4. Participants will be able to verbalize understanding of the process in the case of an Immediate Jeopardy citation.

Faculty: Linda Farrar, RN, LNHA

Linda Farrar has dedicated her professional career to providing elders in senior living centers with quality of life and quality of care. Linda has served in the roles of Administrator, Executive Director, Executive Management and Chief Operating Officer. In July, 2011, Linda retired from her full-time position to enable her the time to enhance her work with elders in a consulting role.

During her career, Linda's passion has been person-centered/person-directed care. Linda believes that through education of staff, primarily direct-care staff, facilities can provide both quality of care and thus remain regulatory compliant AND provide quality of life, providing enhanced, personal experiences for elders served. Linda has facilitated two different facilities in winning the PEAK Award on 4 different occasions since 2002. Linda has spoken at the national Pioneer Network annual meeting about implementing universal workers in a long term care setting. Linda is a Kansas-approved Certified Activity Director instructor, and a certified ELNEC (End of Life Nursing Education Consortium). In the recent past, Linda has presented webinars for Kansas Health Care Association, Missouri Health Care Association and the Nebraska Health Care Association on the Rules of Participation. Linda's passion is the provision of caring, compassionate care for elders residing in long term care facilities.
